

# NTUSU RELATIONS & RESEARCH COMMITTEE

# WHAT DO WE DO?

The Relations and Research Committee serves as the bridge between the student body and the University management in conveying crucial issues pertaining to hall, transport and other campus issues. We are also the pillar of support for all publicity matters, while maintaining crisis management processes in the Union.

- U-Walk
- U-Feedback
- U-Nnovate

# KEY INITIATIVES

U-Feedback Form

U-Walk

U-Walk

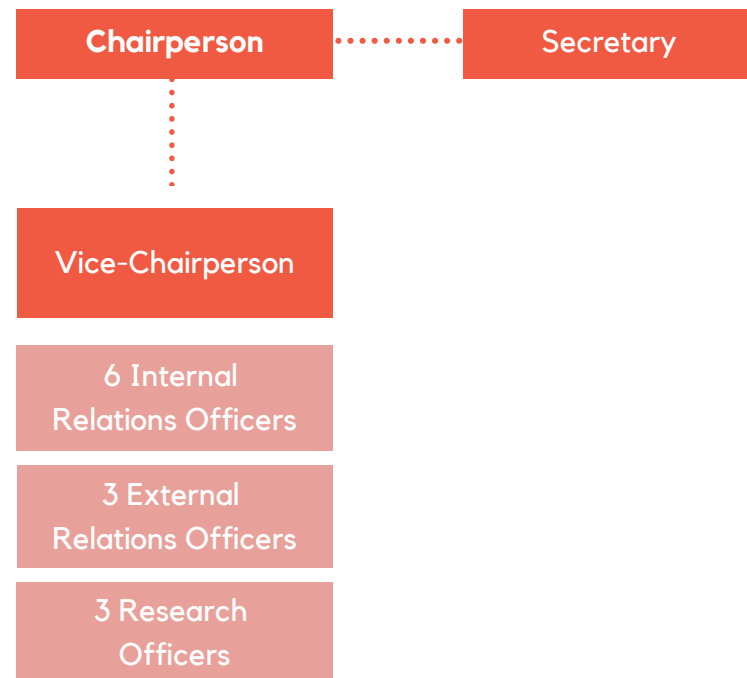

U-nnovate: An Ideation Platform for students, by students

U-nnovate: An Ideation Platform for students, by students

# HOW WE WORK

# ROLES & RESPONSIBILITIES (LEAD COMMITTEE)

## Chairperson

- Oversees the entire Relations and Research arm in the Union
- Manages the committee of officers and ensuring the consistencies in efforts of maintaining a streamlined channel of responses from U-Feedback, U-Nnovate and other major student surveys

## Vice-Chairperson

- Assists the Chairperson of Relations and Research in handling statistical sentiments collected from the student body through surveys, and managing the committee members and their workflow

## Secretary

- Mainly oversees the financial claims and logistical matters pertaining to accounting for U-Walk and other events or surveys that may incur cost
- Manages other important documentation for meetings, events and surveys

# ROLES & RESPONSIBILITIES

## Internal Relations Officer

- In-charge of crafting and reporting of student-related campus vibrancy surveys with fellow members through sentiment data collection
- Involved in executing U-Feedback and other relevant duties in a collaborative effort

## External Relations Officer

- Mainly oversees communication channels with 80 Non-Constituent Clubs (NCCs) and assists Public Relations Executive in crafting updated weekly newsletter
- Establishes contact and improve relations with all student clubs in NTU

## Research Officer

- Charting direction of research statistics and feedback support for Union's efforts to drive student representation through proposals
- Mainly providing and collating first-hand intelligence pertaining to crucial campus information about student welfare and more

# FREQUENTLY ASKED QNS

## **Is the job of a Relations and Research Officer mundane?**

No, definitely not! The Relations and Research officer will partake in crucial data sentiment collection and the execution of such initiatives to provide campus vibrancy, while representing the interests of students.

## **What are the other perks of being a committee member of this committee?**

Apart from collecting and responding to feedback, you will be involved in the active engagement of students on the ground. Along the way, you stand the chance to pick up essential communicative and PR-writing skills that will be invaluable for you in the future.
