If the committee has enough manpower, I will see which one requires more of my help since both are of equal importance to me.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D How do you think we can better bridge the gap?</p> <p>A: Since we have Union representative this year, we can have a feedback session for students to feedback.</p>
Community Engagement Director	Zong Ze	<p>Relevant experience: Temasek Poly Adventure Club:</p> <ol style="list-style-type: none"> 1. Honorary Treasurer (14/15) 2. Honorary Gen Secretary (13/14) 3. Do you want to go back to the</p> <p>A: For starters, constantly going back to the same location every year adds on to what was done to the previous year allows us to see from a collective perspective that we have accomplished something. Staring events that contribute to the same organisation every year, and see where we can progress from there.</p>

		<p>Mi)</p> <p>Traits:</p> <ul style="list-style-type: none"> - <p>Goals:</p> <ul style="list-style-type: none"> - Creating of fusion events - target different communities <ul style="list-style-type: none"> - eLDERLY - Kids - animals - environmen t - Targetting one of each of these communities 	<p>Q: Chua Qi Yun U1731430B</p> <p>How are you planning on getting your volunteers for the community events willingly?</p> <p>A: As Humanities students, we have a lot of reading to do that will affect our decisions. Sending out surveys on how people feel about community projects and what incentives do they want. Maybe it's not that they don't want to, it's that they have a choice for what they want to take part in. Therefore, we should ask them what they would like to do and go from there.</p> <p>Q: Tan Yee Herng U1530180L</p> <p>When you mentioned the 4 avenues, I realise you did not mentioned people with special needs, why is that so?</p> <p>A: I enveloped them under kids and elderly as well.</p> <p>Q: Cleo Tan U1730977A</p> <p>How is your working style like?</p> <p>A: The other person who's running is also someone who got me running so I think we will be able to work together quite well. Give and take is important between us and the organisations we work with. I will be able to put in the effort to meet with them and mark out limitations to see how we can work with them.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D</p> <p>I understand you are someone that do a lot of events, what is your most</p>

			<p>memorable one? What are the challenges faced?</p> <p>A: 4D3N camp that I organised: Second year running and all the seniors left so I dug up archives of the camp memos and got my team together to list down what we wanted to achieve from this. I had a strong team and we managed to come to a consensus that despite us having a lot of work to do, we had to meet after school even if it results in us going home late. Through this experience, I have really learnt to prioritise my time.</p> <p>We need to know what we want to achieve and how we want to get there.</p>
Business Director	Ee Suan Ang	<p>Relevant experience:</p> <ul style="list-style-type: none"> - TP school of business - 6 month internship with SPH Radio UFM100.3 (Radio Marketing/Business) Involved with liaising with sponsors and listeners. - Main Comm for Temasek Poly Igudes (Open House) - Editorial committee for Stop Press (Campus newspaper) <p>Traits:</p>	<p>Q: Kenneth Ong U1739718B What would be the best items to source for for welfare packs?</p> <p>A: Stationery and things such as snacks because people will be busy studying. It's not about what the school wants.</p> <p>A: Providing drinks since everyone can use it immediately, not everyone would want to go out of school.</p> <p>Q: Tan Yee Herng U1530180L What have you learn in your internship that can be useful? Because it seems like you're just saying that your only strategy is send out early.</p> <p>A: Planning with a timeline to meet, seeing if items are suitable for the needs of the students as well as communication with the marketing team, choosing items based on the target audience itself of the appropriate amount that is needed.</p> <p>Q: Tan Yee Herng U1530180L Do you know who are the directors that you have to work closely with?</p> <p>A: Fincon and Logistics as we'll need to see how much needs to be packed. Assistant Bizmag as well. It's not just about me, when the other roles give me opinions, it is important to work as a team to bring SoH to a higher level.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D Can you share with me about your personality when you deal with rejections?</p> <p>A: Work harder and improve on myself.</p>
--	--	---	--

			<p>Q: Chua Qi Yun U1731430B In the case you can't get sponsorships, what can you do to help the event?</p> <p>A: Try to get as many people to come down as possible.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D If I were to give you \$1000 instead, how would you spend it?</p> <p>A: Spend on what I think is necessary.</p>
Community Engagement Director	Wen Ann Png	<p>Relevant experience:</p> <ul style="list-style-type: none"> - Initiated CIPs with friends - working with HOME to hold workshops for migrant workers - Participated in CIPs (TOUCH Community and Family centre, fund-raising such as selling cookies and flowers & flag day) <p>Traits:</p> <ul style="list-style-type: none"> - Believes that community engagement is very important and that it is important to be aware of the communities outside school - Passionate about community engagement 	<p>Q: Azra U1730205K You think that it's good that the CE events could take place during orientation, how would you propose this to them?</p> <p>A: I will propose it to them by telling them my personal experience. During Day 0 of USP Camp, we met up to discuss the CIP and it was a time to bond with others. it will be a very meaningful and different experience for the campers.</p> <p>Q: Chua Qi Yun U1731430B Was the camp activity</p> <p>A: It was just an activity that was a part of camp and we set up the carnival outside. It was just an activity.</p> <p>Q: Li Tin Chia How do you ensure that the event is sustainable? (Cultivating the intent)</p>

		<ul style="list-style-type: none"> - Have a lot of ideas to improve community engagement in school <p>Goals:</p> <ul style="list-style-type: none"> - Improving Project Mi - Improving Martha Seniors programme. Introducing the first CE event through the freshman orientation camp. - Publicising through word of mouth (Representatives in each course) - Publicise and fundraise through social events. - Let students choose what kind of programmes they would like to engage in - Incorporate community events into social events 	<p>A: I feel like the carnival thing was a one-time thing. For the elderly event, We discussed as an OG that we would like to do that and if you do it long enough it will become a habit. It will be a good thing that they start getting exposed to it in the first place. The initial part is very important.</p> <p>Q: Li Tin Chia</p> <p>We do community event on a one-time basis, how would you propose to</p> <p>A: Community engagement CCA. a group of like minded individuals. When it's a cca there is more legitimacy to it and hence more people would want to go.</p> <p>Q: Chua Qi Yun U1731430B</p> <p>For our batch, we had a mass telegram chat. Responses are okay for free events, but for community events, responses were quite bad. What do you think?</p> <p>A: Whatsapp is just one of the ways. Another idea from my other camp was that when all the freshies were there, they made everyone do a form/follow a page. I think this is the best way to get people to sign up (as an OG) while they are in the camp hype. When people come for free food and other events, you can get people to follow certain pages that will enable them to sign up right there and then when people are together where people will sign up as a group all together.</p>
--	--	--	---

			<p>Q: Chua Qi Yun U1731430B The withdrawal rate of people signing up during social and welfare events will be high as people only do it just to get the free bags/food. any suggestions to counter it?</p> <p>A: A combination of all the problems lead to the point as to whether the activity itself sounds fun and whether people can make it. It is about planning the right activities to ensure that people will want to go for it.</p> <p>Q: Chua Qi Yun U1731430B What would you classify as fun events that students will sign up for?</p> <p>A: Through the survey that we send out, we will be able to find out what they want to do. something that is considered fun could be going out to the streets to fundraise (Selling things to the public and spreading awareness) it is a good way to bond with your friends and at the same time doing something that engages the community.</p>
Publicity and Publications Director	Adli Zuhaily	<p>Relevant experience:</p> <ul style="list-style-type: none"> - Designing t-shirts for JC Orientation programme, class and dance. - Junior College School Publications - Designed the 	<p>Q: Li Tin Chia U1731441B Things happen concurrently in the club, how do you manage your time?</p> <p>A: I do have other commitments when i was editing videos. One thing we could incorporate would be the posts and hashtags in the publicity. It could also be a platform for other departments as well especially when they want feedback</p> <p>Q: Darwin Shia Zheng Zhe U1630521D Can I have your honest feedback on the NTU SoH's instagram page?</p> <p>A: It's okay but i feel like coming from my perspective, there needs to be</p>
--	--	---	--

			<p>more engagement with the audience and what we publicise as well. Engaging the audience is important, putting up what the audience likes to see. One idea i have is this thing where you get ideas from the student body and compile them into videos. Have people have connections with the videos and photos that we post.</p> <p>Q: Chua Qi Yun U1731430B How do you think of the Valentines' event? How do you think we can improve?</p> <p>A: Can I ask how many people responded? Instead of doing manual labour, we should have another platform like the video ideas I suggested.</p> <p>Q: Cleo Event promotion posts overrun</p> <p>A: Advertise through FB and and IGTV. Instastories expire in 24 hours but IGTV doesnt.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D Can you give me you honest opinion of the shirt?</p> <p>A: If other people have other opinion</p> <p>Q: Tan Yee Herng U1530180L How do you want to rebrand the school? How to deal with different opinions?</p> <p>A: I already mentioned how I want to</p>
--	--	--	--

			rebrand the school. Inclusiveness with the instagram as well. There will definitely be people who don't agree with you and we have to come to a consensus whether people will like it or people will hate it. i will have to be the mediator on both sides. I have to weigh out what's best about both.
Logistics Director	Nur Amirah Amirrudin	<p>Relevant experience:</p> <ul style="list-style-type: none"> - Student council VP - Cadet Leader of NPCC - Logistics and welfare for NPCC - Camp Proggy, GL and Games master. (TP) - Theatre group in Poly (Backstage experience - Set design, costumes) - Logistics experience. <p>Traits:</p> <ul style="list-style-type: none"> - Adaptable - Experienced in other fields - Approachable - Good team player - Committed - Willing to learn and improve <p>Goals:</p> <ul style="list-style-type: none"> - To take up a new leadership role in something she has 	<p>Q: Li Tin Chia</p> <p>How well do you think you will work well under stress?</p> <p>A: I'm ok with stress, if i can relate more to my theatre story i only had one week to prepare for everything and everyone was coming to me at the same time. I didn't lose my patience and my cool and i had to be understanding to see the other person's perspective. I work pretty well under stress.</p> <p>Q: Tan Yee Herng U1530180L</p> <p>What are some challenges you foresee taking up this job?</p> <p>A: I think the biggest challenge is going to be coming up with the inventory itself. Finding alternatives to cheaper products will be the biggest challenge for me. Human resource is also a huge issue as we need people to buy things for us.</p> <p>Q: Tan Yee Herng U1530180L</p> <p>Are you aware of the procedure when it comes to procuring logistics with</p>

		<p>never done before</p> <ul style="list-style-type: none"> - Changes she would like to see: Logistics to be able to be part of planning process - Rounding up inventory from previous years - have meetings with SSS logs to share inventory - Set up suggestion boxes on improvements throughout the school - Competitions for designing and ideas for future events - Working together as one SoH bridging the gap between leader and peer. 	<p>the SAO side?</p> <p>A: I'm not that well versed in it yet. proposals and then listing what inventories we will need, what we will need from them and what we will need to get on our side.</p> <p>Q: Kenneth Ong</p> <p>We had to deal with a lot of people as the Sports and Operations, how do you think you will deal with many responsibilities all at once?</p> <p>A: First i'll take a step back and look at the big picture and see what is important. Delegation is also important. In a committee we can't do things alone and as much as possible we need to gather help from the committee as well.</p> <p>Q: Tan Yee Herng U1530180L</p> <p>What do you think you cannot can enough manpower?</p> <p>A: Hmm interesting question. So as i said, manpower is going to be an issue. Relying on my own MMC is gonna be important and we are going to have to work together if we really cannot find anyone to help us.</p> <p>Q: Chua Qi Yun U1731430B</p> <p>Other than than from specific events, it's difficult to get funding. How do you think you can get funding?</p> <p>A: I dont think donations are possible right? Could we do donations from SoH Itself, idk if thats possible but if</p>

			<p>its not then we can see if we can reuse anything we have.</p> <p>Q: Cleo Tan U1730977A Do you stay in hall? Where do you stay?</p> <p>A: No. I stay in sembawang.</p>
Sports Director	Angel Tze Ling Lee	<p>Relevant experience:</p> <ul style="list-style-type: none"> - Main Committee of community service club in Polytechnic <ul style="list-style-type: none"> - Events planner that planned events related to food - Baking and distributing to the community door to door or a beneficiary - Student advisor of her club <ul style="list-style-type: none"> - Allowed her to see how the club worked - Selected to be one of the 60 people out of the whole cohort to participate in a trip to hongkong 	<p>Q: Li Tin Chia I am aware you are running for sports director. Some challenges you'll find is players for ISG, how do you plan to find manpower?</p> <p>A: The first step is through publicity and if people are still not motivated to do it, i still think the second best option is through word of mouth as people can jio each other and i think that is more effective</p> <p>Q: Chua Qi Yun U1731430B If its still not enough?</p> <p>A: Then i will play.</p> <p>Q: Kenneth Ong How would you handle both the ISG Committee and SoH Director roles?</p> <p>A: Firstly its definitely time management and also communication. everyone has to know what's going on, everyone needs to know what is going on. When i interned at the translation company, i liaised alot between my clients and my translators. I managed</p>

		<p>targeted at honing skills related to empathy.</p> <p>Traits:</p> <ul style="list-style-type: none"> - Passionate - Empathetic - Generous - Flexible - Experienced <p>Goals:</p> <ul style="list-style-type: none"> - Want to work with like minded peers with the same goals to better SoH - Having the club as a family, believing that everyone needs to help each other. 	<p>to liaise with them and managed to sort things out.</p> <p>Q: Li Tin Chua How would you handle conflict? (e.g. SoH team fight with EEE team)</p> <p>A: I will pull them apart first and find out what happened. No matter who is in the right and who is in the wrong and I will make sure both apologise to each other.</p> <p>Q: Wen Ann Png U1830216F Why sports director and other portfolios?</p> <p>A: My CC Litin asked me which portfolio i was looking at and i felt like everything was very tough but i thought sports director was an interesting role and its a challenge and i want to take up this challenge.</p> <p>Q: Azra U1730205K Scenario: Let's say you have players that signed up but never turn up, what would you do?</p> <p>A: Finding other available players on the spot. if there aren't, then i will ask main comm.</p> <p>Q: Kenneth Ong If there are fixed players, and you don't have enough manpower</p> <p>A: I will find people on the spot</p>
--	--	---	---

			<p>Q: Chua Qi Yun U1731430B You know that ISG is during December holidays right, what do you plan to do? Sports director have to be down for the whole month.</p> <p>A: i have youth camp from church. I'm in the planning committee for that camp and I think i will be able to plan ahead.</p> <p>Q: Serene For ISG, do you foresee some problems like sports scheduling?</p> <p>A: I wont give leeway to any schools just because they are better. I will strike a balance and discuss this with the other main committee members. If i can make way for them because of their conflicting schedules i will try my best to accommodate but if it goes against the original plan i will have to think about it.</p> <p>Q: Azra U1730205K Being realistic, how do you encourage people to come down during holiday period?</p> <p>A: Telling people in advance because ISG is already fixed. Publicity can start abit earlier, allowing the publicity to span across a long period and provide them with incentives that might be able to attract them</p>
Sports and Operations	Marcus Goh Tao	Relevant experience: - Temasek JC	<p>Q: Darwin Shia Zheng Zhe U1630521D Having participated in ISG last year,</p>

Director	Zhi	<p>Badminton VP</p> <ul style="list-style-type: none"> - SAFSA Inter-formation Badminton Champion - NTU Interschool game Vice Captain <p>Traits:</p> <ul style="list-style-type: none"> - Passionate - Believes that logistics is an important thing for an event to run smoothly - Likes to be the lowkey kind of helper at the back <p>Goals:</p> <ul style="list-style-type: none"> - Emphasizing fun - Lifelong social skill - building a sports culture - Finding a time to organise a session on sports with higher popularity. 	<p>what do you think about the committee's planning?</p> <p>A: Last year wasn't bad but there weren't enough participants. we needed people to play on the spot. Eventually i think all these things can be solved with the use of publicity in a verbal spoken form. If you ask your friends to play they sure play one. Whether they really play anot is different ah but i would say it's quite optimistic. Last year wasn't bad, it was just that participation rate was quite low. They delegated quite well to the captains.</p> <p>Q: Cleo Tan Do you have other commitments?</p> <p>A: I'm doing quite a lot of stuff also but you will always have stuff outside of school, i believe this role suits me the best and I think i can learn from it so i want to do it now.</p> <p>Q: Li Tin Chia You have other commitments right, are you the kind that will "tank" all the work? Do you delegate you work well?</p> <p>A: I think i'm more of the delegation sort. I will delegate such that its fair. I know i have assisting sports and ops directors. I think what is fair is to split the work and specialise in what you do. So things that they are naturally good at, i will let them do, those that im good at i will do.</p>
----------	-----	--	---

			<p>Q: Darwin Shia Zheng Zhe U1630521D Do you have experience in logistics?</p> <p>A: I was the vice captain for the badminton team and i had to plan a lot of events. In that sense we also had a lot of logistical concerns as well. camps and overseas trips as well. Im not really well versed with welfare week.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D If you see someone of a higher position like the President taking t-shirts away, what do you do?</p> <p>A: I don't think i will be very hostile. I will clarify the situation first. If you just accuse the top 5 it's not very nice. if it really went missing i'm sure there is a way to find out through investigation and stuff.</p> <p>Communication with the top 5 with regards to entering the room, leaving a text or a call so that i will roughly know what is going on with the logs room.</p> <p>Q: Chua Qi Yun U1731430B Throughout the years, we have a lot of events. How do you ensure that the storeroom is kept neatly?</p> <p>A: consistent effort. after each event you have to clear. You have to account for your store and make sure everything is there. You need to know where you can find things. It's all about responsibility and communication.</p>
--	--	--	--

			<p>Q: Chua Qi Yun U1731430B What would you do if you have last year's stuff in the logistics room?</p> <p>A: i will talk to kenneth about it. What can be kept and what cannot be kept. Like food that can be thrown away, or like shirts that cold be sold.</p> <p>Q: Li Tin Chia What if the players lose after semi-finals?</p> <p>A: the part of delegation, the captain has to be on the same page. Emphasizing on fun is important. i think what you plan to gain from ISG is like connections and interaction with your fellow humanities students. It's still quite nice to see the friends from previous sems just to say hello.</p>
Social Director	Terisha Tan	<p>Relevant experience:</p> <ul style="list-style-type: none"> - Scriptwriter - Worked on Tanglin and other upcoming TV shows - Internship at Drama school and now work with a Theatre start-up - Logistics, sets props - SP ACERs - Plan workshops, Bonding day, welcome tea and other events. - Core leader of ACERs 	<p>Q: Li Tin Chia What are the possible challenges you think you might face?</p> <p>A: In terms of event proposal, i think things like logistics and manpower. Coming up with programming itself, getting help for events such as volunteers and performers for events. To counter that, i think it is important to think of these challenges in advance. I should be looking out for things such as who can sing who can dance and possible friends who will be able to help me.</p> <p>Q: Chua Qi Yun U1731430B</p>

You can hear a lot of opinions from the directors and it is important to go down and understand from their perspectives. It is really talking it out to ensure that they understand everything. It's not something that you can determine in one day, it's a process that will take very long. Talking it out and trashing it out to ensure that all opinions are heard and respected is important. It's very important for the directors to be heard and I think that they should be valued.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D What is your ideal committee?</p> <p>A: There is no ideal committee, dynamics come into play and there is not a perfect committee. I would prefer a committee that can have fun but also one that works.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D Would you prioritise the people or the organisation? Scenario: Your committee are tired, what do you do if there's an upcoming event?</p> <p>A: My SoH committee are a part of the student body as well. I'll put it in the context of SoH Day and my comm is shag as hell. First of all as a fincon as a top 5, I think our job is to ensure that the directors never burn out. That is a way we have to plan our events. We will look at the calendar and what went wrong, did we plan SoH Day too close to exam week? We can look internally in the top 5 and see where we went wrong, we will</p>

We were trying to be like WKM, ADM and SSS. People like to call us special snowflakes, we should embrace ourselves as special snowflakes. The previous comm said one humanities but we were always trying to be someone else. We should try and build ourselves as a humanities identity. The mission of the club was not clear.</p> <p>Q: Darwin Shia Zheng Zhe What do you think would be a good identity for the SoH?</p> <p>A: We will have to have a very big session where we get everyone together and see how everyone sees the club. The freshies are fresh and new, we need the freshies to inject new blood into the committee. We could capitalise on this amazing top and build an identity from there and not from somewhere else.</p>

			<p>Q: Jared</p> <p>What do you think is the biggest challenge for the year ahead for the club?</p> <p>A: I feel that fincon is something i have never tried before, it was never my strong suit, they were my Cs. I don't think I have a problem being organised but I have a problem with dealing with large amounts of money.</p> <p>Q: Chua Qi Yun U1731430B</p> <p>What do see yourself as in a club?</p> <p>A: I feel like for me as much as i try to be a mediator, i will be the person calling people out for shit. I can come off as offensive sometimes but feel like work is work and play is play. My role club is to try to ensure that the ideas don't go super off. Knowing when to be serious and to be honest.</p> <p>Q: Darwin Shia Zheng Zhe U1630521D</p> <p>With a budget of 2k, what do you think you could have done better for SoH Chill Night?</p> <p>A: I could have had a better PAD. At that point I was not a top 5 role yet and I didn't have any say. I was thrown into the cult role and I feel that what could have improved for the Chill Night was better performances. Performances could have been more casual like karaoke where everyone need not prep and sing. It would be more spontaneous and engaging. Everyone would go up and have a better time.</p>

I cannot stand it going down and sometimes I will step in and I cannot stop it. If I go beyond my job scope, I hope they understand.</p> <p>Q: Azra U1730205K You said you do not have experience in fincon role, how do you think you will do?</p> <p>A: I'm actually trying out the role of fincon as of now due to circumstances.</p>
